

The House Fairy

Theatre Peckham is proud to present the summer blockbuster, The House Fairy: a much loved tale of mischievous fairies who leave the bottom of the garden to take up residence in a family home.

When Mum and Dad have to rush to the hospital to deliver the latest addition to the family, they leave behind their five children. Left to their own devices, getting from breakfast to bedtime looks set to be a very messy affair, until the appearance of... the House Fairy!
